

SUSSEX CATTLE SOCIETY

DNA TESTING REQUEST

Please send this form to the Society Office together with the sample/s. Collected by the Examining Veterinary Surgeon, Society Inspectors or by breeder/owner.

DNA SAMPLING AND TESTING

All young bulls inspected must have an SNP profile [Hair sample] held on record. Additionally, samples should be taken from the Sire and Dam. The Society will pay for the samples to be held on the SNP Database for future testing.

The breeder/owner will pay for the Sire and Dam DNA verification.

The Polled Gene Test will be charged at cost.

Please only write the full UK Tag Number on the sample card second line, leave the rest blank.
